PROJECTS

Split-Wiser

- Web App developed using Django which maintains your bills and splits bills among group members equally in real time

VCE attendance-marks

- Android based application developed to make our college students life easier to check their attendance / marks with just a click.

KeyBoard tester

- Web App built using html, css, javascript to test whether your keyboard keys are working fine or not.

ATM Simulator

- App built using Java Awt to make user familiar to ATM functionalities.

Pong

- Game built using Java Awt where user needs to stop ball from hitting ground using a paddle.

Buycart

- Simple CLI application where user can login/signup, buy products and rate them.

TECHNICAL SKILLS

C

JAVA

PYTHON

C++

HTML

CSS

DJANGO

Android studio

PostgreSQL

PL/ SQL

Web scrapping

CERTIFICATIONS

Problem solving and programming in C by NPTEL

Programming, Data Structures and Algorithms in Python by NPTEL

Fundamentals of Operating Systems by NPTEL

STRENGTHS

Work hard to complete work in time

Able to cope under pressure

Can work independently or as part of a team

EXTRA CURRICULAR ACTIVITIES

Conducted CSI(Computer Society Of India) activity

Photography club

Part of Toastmasters

INTERESTS

developing apps

Photography

Staying updated with new technologies launched
